CLARIFICATIONS TO BIDDER'S ENQUIRIES NO.4

PROVISION OF AN INTEGRATED INFORMATION MANAGEMENT SYSTEM (IIMS) FOR BDC

Date Issued:29/04/2024.

ITEM No	QUESTION	BDC RESPONSE
1.	What ERP is it? This impacts project scope, implementation timeline and costing of works.	BDC is currently using Microsoft Dynamics GP as its ERP System.
2.	Do you have M365 Licenses? This can impact licensing cost estimation if you have these licenses already.	BDC has the subscription for Microsoft 365 E3 Plan.
3.	Is the consideration to replace the ERP or to integrate applications that mitigate current ERP deficiencies? This impacts project scope, implementation timeline and costing of works.	The bidder is requested to propose solutions that will replace the current ERP.
4.	Which business processes are planned for automation? You mention a SOUR document, can we get hands on it? This impacts project scope, implementation timeline and costing of works.	Various processes will be automated, and details will be contained in the SOUR document which will be issued after the EOI stage. Currently bidders are requested to propose solutions that meet the requirements.
5.	What is the user base for the planned IIMS? This information is critical to giving a close to accurate cost estimation for licensing.	Between 80 and 100.
6.	Is cloud allowed? This will influence the technologies we choose to implement for the solutions.	Cloud is allowed provided the solution complies with the Botswana Data Protection Act of 2018.
7.	EOI speaks of cost estimates in clause 6. Do we ignore that part in light of the response that the response is purely compliance and technical.	Noted. Please ignore request for cost estimates.
